## Education

- B.E Computer Science and Engineering**  
Panimalar Engineering College  
7.9 CGPA 2021 - Present
- Senior Secondary (XII)**  
Madras Christian College Matric.  
Hr.Sec.School.  
81.86% 2020 - 2021
- Senior Secondary (X)**  
Madras Christian College Matric.  
Hr.Sec.School.  
79% 2018 - 2019

## Skills

- Python
- HTML
- CSS
- C
- Bootstrap
- SQL

## Work Experience

- Web development Intern** 1/12/2023 - 31/12/2023  
**LearnFlow**
  - Developed and deployed a feature-rich e-commerce website, ensuring smooth transactions and enhancing user experience.
  - Created a weather application offering accurate 5-day predictions, leveraging JavaScript, HTML, CSS, Bootstrap, and relevant APIs.
  - Contributed to the development of an online learning platform, enhancing accessibility and interactivity for users.
  - Engineered a fitness tracker app, incorporating JavaScript, HTML, CSS, Bootstrap, and various relevant APIs for robust functionality.
  - Demonstrated proficiency in web development technologies, showcasing versatility in creating diverse applications during the internship.
- Python Intern** 24/11/2023 - 10/12/2023  
**Intern Career**
  - Conducted data extraction and web scraping activities proficiently by leveraging HTML structures, utilizing Python, BeautifulSoup, and Requests libraries.
  - Applied machine learning techniques to tackle classification problems, demonstrating a solid understanding of Python and its relevant libraries.
  - Successfully navigated and manipulated HTML structures, showcasing expertise in extracting valuable data from diverse websites.
  - Gained hands-on experience in utilizing BeautifulSoup and Requests libraries for efficient web scraping and data extraction.
  - Contributed to the internship by employing Python skills in both web scraping and machine learning applications, enhancing data handling and problem-solving capabilities.

## CERTIFICATION

- Amazon Web Services (cloud essentials and architecture )
- Oracle Cloud Data Management
- TCS Artificial Intelligence for Real-World Applications
- Cybersecurity Essentials - Cisco
- RPA Developer Foundation - UI Path

## Achievements

- First Prize Winner in King Python, Panimalar Engineering College
